Accession Number: 000001274 a-b

Collection: [Parke-Davis Collection](#)

Category: [Pharmacy and Drug Artifacts](#)

Classification: [Pharmacy, Allergies](#)

MeSH Heading: [Anti-Allergic Agents](#)
[Hypersensitivity -- drug therapy](#)
[MM= Drug Packaging -- container -- bottle](#)

Description: A rectangular brown glass bottle (a) with cylindrical neck and threaded metal cap (b); bottle is covered on front and left and right sides with a paper label, has a round fluorescent orange sticker on the back and is 2/3 full of capsules

Number Of Parts: 2

Part Names: a - bottle
b - cap

Provenance: Collected by Parke-Davis

Maker: Parke, Davis & Co., Ltd.

Site Made (City): [Walkerville](#)

Site Made (State): [Ontario](#)

Site Made (Country): [Canada](#)

Dates: 1949
1955
circa 1949

Date Remarks: Based on lot number

Material: glass: brown
paper: red; beige; orange; black
metal: black; silver

Inscriptions: (a) Front: "100 No. 378 // KAPSEALS // BENADRYL // HYDROCHLORIDE // WITH // EPHEDRINE SULPHATE // REGISTERED TRADEMARK // EACH KAPSEAL CONTAINS: // Benadryl Hydrochloride Diphen- // hydramine Hcl. P.D. & Co. 50 mg. // Ephedrine Sulphate – 10 mg. // DOSE - One Kapseal, repeated // only as directed by the physician. // PARKE, DAVIS & CO., LTD. // WALKERVILLE, ONTARIO // [illeg.] [handwritten over above 9 lines] // C785002 [stamped]"; right side: "DISPENSE IN GLASS"; left side: "The word 'KAPSEALS' designates the her- // metically sealed capsules manufactured by // Parke, Davis & Company."; bottom: "9 // 4107C // 5 [embossed]"; (b) "P D & Co [monogramme, letters interlaced] [embossed]"

Permanent Location: Storage Room 0010
0010-A5-4 Box 2 Row B

Length: a - 9.5 cm

Width: a - 4.3 cm

Depth: a - 2.9 cm b - 1.0 cm

Diameter: b - 3.0 cm

Unit Of Measure: centimeters

Condition Remarks: Label yellowed, dirty; yellowish stain on right side; bottle dirty; some corrosion where paint is scraped off of cap

Copy Type: Original

Reference Types: Document

Reference Comments: Parke-Davis Lot Numbering System

animal vaccine injector kit

<https://mhc.andornot.com/en/permalink/artifact4068>

Accession Number: 000001275 a-g

Collection: [Parke-Davis Collection](#)

Category: [Pharmacy and Drug Artifacts](#)
[Vaccination](#)

Classification: [Pharmacy, Other](#)
[Vaccination](#)

MeSH Heading: [Vaccines](#)
[Veterinary Drugs](#)
[Syringes](#)
[Injections -- instrumentation](#)
[Vaccination](#)
[MM= Drugs -- vaccines -- container](#)
[MM= Injections -- accessories](#)
[MM= Drug Packaging -- container -- vial](#)

Description: Kit consists of (a) a cardboard box and (b) its lid, (c) the injector syringe: a metal barrel with a needle tip; inside the barrel is a spring-loaded plunger to push the pellet through the needle; spring is coiled and sprung by means of a metal knob on the side of the barrel that moves through a hole cut in the barrel for that purpose; (d) a metal tube that serves as a cap for the needle, (e) a cylindrical plastic vial, stopped with a cork and wrapped in a paper label with one pellet inside, (f) a paper notice, and (g) an instruction leaflet; box is lined with crumpled tissue paper that has not been given an accession number.

Number Of Parts: 7

Part Names: a - box bottom - Size: Length 18.0 cm x Width 3.4 cm x Depth 3.3 cm
b - box lid - Size: Length 18.3 cm x Width 3.8 cm x Depth 3.4 cm
c - syringe - Size: Length 14.8 cm x Diam. 2.1 cm
d - cap - Size: Length 4.1 cm x Diam. 0.6 cm
e - vial - Size: Length 2.2 cm x Diam. 0.6 cm
f - notice - Size: Length 7.7 cm x Width 4.1 cm
g - leaflet (unfolded) - Size: Length 17.3 cm x Width 10.6 cm

Provenance: Collected by Parke-Davis

Maker: Parke, Davis & Co., Ltd.

Site Made (City): [Walkerville](#)

Site Made (State): [Ontario](#)

Site Made (Country): [Canada](#)

Dates: 1931
circa 1931

Date Remarks: Based on lot number

Material: cork: brown
paper: white; beige; black; blue
metal: silver
cardboard: brown; grey
plastic: translucent yellow

Inscriptions: (a) Bottom: "MADE IN U.S.A. [stamped]"; (b) left side: "Animal Vaccine // INJECTOR // Syringe No. 17 // C779206 [stamped] // PARKE DAVIS & CO [engraved]"; (e) "BLACKLEG VACCINE // SINGLE Dose: 1 Oid. // Use // before June 1935 // C691502 // PARKE, DAVIS & Co."; (f) "NOTICE // When the syringe was packed it was examined and // found to be in perfect order, and should reach you // in that condition. We cannot, therefore, hold our- // selves responsible for any injury which may occur // to the instrument after its receipt. We do not // accept any syringe for credit or exchange after it // has been used. // PARKE, DAVIS & CO., Ltd."; (g) "How to Use the Animal // Vaccine Injector // [text follows] // TO PREVENT THE SPREAD OF INFECTION // [text follows] // PARKE, DAVIS & CO., LTD. // WALKERVILLE, ONTARIO"

Permanent Location: Storage Room 0010
0010-A3-4 Row D

Condition Remarks: Water mark on box bottom and bottom edge of box top; corners of box top scuffed, dented; no corrosion on syringe or cap; paper label on vial yellowing; vial lip broken, with a piece missing; cork still fits securely; paper leaflets are yellowed

Copy Type: Original

Influenza Virus Vaccine

<https://mhc.andornot.com/en/permalink/artifact4076>

Accession Number:	000001283 a-c
Collection:	Parke-Davis Collection
Category:	Pharmacy and Drug Artifacts Vaccination
Classification:	Pharmacy, Infectious Diseases Vaccination
MeSH Heading:	Viral Vaccines -- therapeutic use Influenza Vaccination Drugs -- vaccines -- container MM= Drug Packaging -- container -- vial
Description:	Acylindrical glass vial (b) stopped with a rubber stopper and sealed with a metal cap moulded over vial neck and lip; vial is in a cardboard box (a) with a paper leaflet (c); there is a square white sticker on left side of box
Number Of Parts:	3
Part Names:	a - box - Length 5.7 cm x Width 2.9 cm x Depth 2.9 cm b - vial - Length 5.2 cm x Diam. 2.6 cm c - leaflet (unfolded) - Length 17.6 cm x Width 10.1 cm
Provenance:	Collected by Parke-Davis.
Maker:	Parke, Davis & Co.
Site Made (City):	Detroit
Site Made (State):	Michigan
Site Made (Country):	United States of America
Dates:	1969 circa 1969
Date Remarks:	Based on expiry date
Material:	metal: silver paper: white; red; blue; black cardboard: white; blue; red; black rubber: pink glass: clear
