

## apothecary kit

<https://mhc.andornot.com/en/permalink/artifact812>

Accession Number: 993001003 a-aq  
 Collection: [Kingston General Hospital Foundation Collection](#)  
 Category: [Pharmacy and Drug Artifacts](#)  
 Classification: [Pharmacy, General](#)  
 MeSH Heading: [Drug Storage, instrumentation](#)  
[House Calls](#)  
[MM= Drug Case](#)  
[MM= Drug Packagaing -- container -- bottle](#)

Description: Medicine chest, which consists of (a) a rectangular wooden chest with hinged doors at the front, back and top and brass handles at the sides; the front of the chest has two doors, hinged at the left and right sides, that open outwards to reveal four drawers in the bottom and 6 compartments with wooden dividers built in at the top; the outside of the right door has a round brass knob attached to it and the left door has hardware to secure it closed and a wooden toggle on the outside that holds both doors together; the back of the chest has two doors, hinged at the left and right sides, that open outwards to reveal two shelves, each with three compartments with wooden dividers built in; the outside of the right door has a round brass knob attached to it and the left door has hardware to secure it closed and a wooden toggle in the outside that holds both doors together; the top of the chest is hinged at the back and has a lock at the front; the keyhole is ivory-lined and fits (b) a small metal key that is cylindrical and hollow at the end with a cut rectangular piece at the bottom of the end; the finger grip is oval with an open centre; the inside of the top of the chest has 6 compartments with built-in dividers; there is an open rectangular section at the front, four deep rectangular compartments with open tops in the centre and three open rectangular sections at the back, one which has (c) a removable sliding wooden lid; this lid is flat and rectangular with a semi-circular piece cut out from the top right side for a finger grip; there are 4 square wooden drawers (d-g) built into the lower front of the chest; each drawer has a round ivory knob attached to the front at the centre; the top left drawer (d) has a built-in divider in the middle and two sliding wooden lids (dd) and (ddd); both lids are flat and rectangular with a semicircular piece cut out at the top for a finger grip; (e) is an open drawer; (f) has a narrow rectangular piece set into the lower right side of the drawer and grooved areas at the top and bottom right side and centre left side; (g) has a flat piece of wood covering it; this piece has four circular holes cut into it, which hold four mixing cups (n-q, described later); the top of the front of the chest holds 6 glass bottles (h-m) with stoppered lids (jj-mm); the stoppers on (h) and (i) do not come off and were not removed; each bottle is hollow and rectangular in shape with flat sides and base and rounded shoulders; the top lip is round with an 8-sided edge; the stoppers are made of solid glass, round at the bottom and rectangular at the top; all the bottles are empty; the mixing cups (n-q) are cylindrical and open at the top; the lip flares out slightly; there is a flat round base on the bottom which allows them to stand; the back of the case houses 6 glass bottles (r-w) with stoppers (rr-ww); each bottle is hollow and squarish with flat sides and bottom and rounded shoulders leading to a short round neck; the top lip is round with an 8-sided edge; the stoppers are made of solid glass, round at the bottom and rectangular on top; the top of the chest has four compartments, each of which houses a glass bottle (x-aa) with a stoppered lid (xx-aaa); each bottle is hollow and rectangular in shape with flat sides and bottom and slightly rounded shoulders that lead to a long open rounded neck; the lip of the bottle has a squared band around the outside, giving it a larger diameter; a glass stopper fits into the neck; each stopper is solid, round on the bottom and rectangular on top.

Number Of Parts: 43

Part Names: a - medicine chest (closed) - Size: Length 24.6 cm. x Width 20.3 cm. x Depth 27.2 cm.  
b - key - Size: Length 2.7 cm. x Width 1.3 cm. x Depth 0.4 cm.  
c - compartment lid - Size: Length 4.7 cm. x Width 3.6 cm. x Depth 0.4 cm.  
d - wooden drawer - Size: Length 10.0 cm. x Width 10.6 cm. x Depth 3.2 cm.  
dd - drawer lid - Size: Length 4.4 cm. x Width 8.9 cm. x Depth 0.4 cm.  
ddd - drawer lid - Size: Length 4.4 cm. x Width 8.9 cm. x Depth 0.4 cm.  
e - wooden drawer - Size: Length 10.0 cm. x Width 10.6 cm. x Depth 3.2 cm.  
f - wooden drawer - Size: Length 10.0 cm. x Width 10.7 cm. x Depth 4.5 cm.  
g - wooden drawer - Size: Length 10.0 cm. x Width 10.7 cm. x Depth 4.5 cm.  
h - bottle with stopper - Size: Length 9.5 cm. x Width 3.2 cm. x Depth 2.5 cm.  
i - bottle with stopper - Size: Length 9.5 cm. x Width 3.2 cm. x Depth 2.5 cm.  
j - bottle - Size: Length 8.0 cm. x Width 3.1 cm. x Depth 2.5 cm.  
jj - stopper - Size: Length 2.8 cm. x Diameter 1.7  
k - bottle - Size: Length 8.0 cm. x Width 3.1 cm. x Depth 2.5 cm.  
kk - stopper - Size: Length 2.7 cm. x Diameter 1.6  
l - bottle - Size: Length 8.1 cm. x Width 3.2 cm. x Depth 2.5 cm.  
ll - stopper - Size: Length 2.7 cm. x Diameter 1.6  
m - bottle - Size: Length 8.1 cm. x Width 3.2 cm. x Depth 2.5 cm.  
mm - stopper - Size: Length 2.8 cm. x Diameter 1.7  
n - mixing cup - Size: Length 3.8 cm. x Diameter 3.8  
o - mixing cup - Size: Length 3.7 cm. x Diameter 3.7  
p - mixing cup - Size: Length 4.0 cm. x Diameter 3.6  
q - mixing cup - Size: Length 4.0 cm. x Diameter 4.0  
r - bottle - Size: Length 8.2 cm. x Width 6.4 cm. x Depth 2.8 cm.  
rr - stopper - Size: Length 2.4 cm. x Diameter 1.4  
s - bottle - Size: Length 7.8 cm. x Width 6.2 cm. x Depth 4.9 cm.  
ss - stopper - Size: Length 2.4 cm. x Diameter 1.4  
t - bottle - Size: Length 8.1 cm. x Width 6.4 cm. x Depth 4.9 cm.  
tt - stopper - Size: Length 2.4 cm. x Diameter 1.5  
u - bottle - Size: Length 7.8 cm. x Width 6.5 cm. x Depth 4.9 cm.  
uu - stopper - Size: Length 2.6 cm. x Diameter 1.4  
v - bottle - Size: Length 8.1 cm. x Width 6.4 cm. x Depth 4.9 cm.  
vv - stopper - Size: Length 2.3 cm. x Diameter 1.4  
w - bottle - Size: Length 8.0 cm. x Width 6.4 cm. x Depth 4.9 cm.  
ww - stopper - Size: Length 2.2 cm. x Diameter 1.4  
x - bottle - Size: Length 12.5 cm. x Width 4.3 cm. x Depth 4.3 cm.  
xx - stopper - Size: Length 3.8 cm. x Width 2.3 cm. x Depth 2.2 cm.  
y - bottle - Size: Length 12.6 cm. x Width 4.3 cm. x Depth 4.3 cm.  
yy - stopper - Size: Length 3.8 cm. x Width 2.4 cm. x Depth 2.3 cm.  
z - bottle - Size: Length 12.6 cm. x Width 4.3 cm. x Depth 4.3 cm.  
zz - stopper - Size: Length 3.8 cm. x Width 2.4 cm.  
aa - bottle - Size: Length 12.6 cm. x Width 4.3 cm.  
aaa - stopper - Size: Length 3.7 cm. x Width 2.5 cm. x Depth 2.3 cm.

Dates: 1775  
circa 1775

Date Remarks: Similar to example in book by Wilbur (see Reference Comments)

Material: metal: grey; yellow  
wood: brown  
ivory: ivory  
glass: clear  
paper: off-white

Inscriptions: (h), (i), (l), and (m) have the letters "EB" in raised lettering at the bottom outside of the bottles; (s) has the number "14" etched into the front centre panel; (u) has the number "16" etched into the front centre panel; (u,v) both have a paper label attached to the front centre panel with the words, "Eye Lotion" written on in ink; (x) has the remnants of a paper label attached to the front centre panel; (x-aa) all have a raised 1-directional arrow on the bottom of the bottles

Permanent Location: Storage Room 0010  
0010-A6-1

Condition Remarks: The chest shows minor surface grime and minor scratches(a) on the surface; the back left door is cracked; the top left side of the lid has a deep gouge; there is a small missing section of veneer at the top front; the brass hardware shows tarnish, but no serious corrosion; minor green spots can be seen on the left handle; the ivory drawer pulls and keyhole show minor discolouration, but no cracks or missing sections; (h) outer edge of bottle lip has a small chip; (i) outer edge of bottle lip has a small chip; (j) outer edge of bottle lip has a very small chip; (p) outer edge of base of mixing cup has a chip; (u) inside of bottle has a cloudy residue; (v) upper right corner of label is missing; (x) front label is only a remnant; (y) small amount of brown residue at inside bottom

## brass hand-held dispensing scales

<https://mhc.andornot.com/en/permalink/artifact9374>

Accession Number: 002006001 a-l  
Collection: [Dr. Herbert J. Saunders Collection](#)  
Category: [Pharmacy and Drug Artifacts](#)

Classification: [Pharmacy, General](#)

MeSH Heading: [Weights and Measures](#)  
[Pharmacy -- instrumentation](#)  
[House Calls](#)  
[MM= Drug Compounding -- scales](#)

Description: Brass hand-held dispensing scales, consisting of two circular concave brass pans, each with three evenly spaced holes near the edge, connected through these with braided cords to a brass beam with swan neck ends; the beam has a fenestrated rectangular tab attached with a pin to the midsection, and lines up with a pointed bar that extends upwards from the bar's midsection; the scales are accompanied by ten square brass measures of varying thicknesses, using the Roman system of scruple, drachm and grain weights; the weights are kept in a brass-lidded compartment in the scale case (l); the case is wood, covered outside with green leather with a gold embossed logo on the top; the case is lined with purple velvet and has an indentation to accommodate the scale; the front latch of the case consists of a hook and pin.

Number Of Parts: 12

Part Names: a - balance scales - Size: Length 15.0 cm x Width 14.5 cm x Depth 6.0 cm  
b - weight - Size: Length 1.5 cm x Width 1.5 cm x Depth 0.5 cm  
c - weight - Size: Length 1.6 cm x Width 1.5 cm x Depth 0.2 cm  
d - weight - Size: Length 1.4 cm x Width 1.4 cm x Depth 0.2 cm  
e - weight - Size: Length 1.7 cm x Width 1.5 cm x Depth 0.1 cm  
f - weight - Size: Length 1.4 cm x Width 1.4 cm x Depth 0.1 cm  
g - weight - Size: Length 1.3 cm x Width 1.3 cm x Depth 0.1 cm  
h - weight - Size: Length 1.5 cm x Width 1.0 cm x Depth 0.1 cm  
i - weight - Size: Length 1.3 cm x Width 1.3 cm x Depth 0.1 cm  
j - weight - Size: Length cm x Width cm x Depth 0.1 cm  
k - weight - Size: Length cm x Width cm x Depth 0.1 cm  
l - case - Size: Length 16.7 cm x Width 7.6 cm x Depth 2.8 cm

Provenance: Given to donor by Catherine Saunders, youngest daughter of original owner, Dr. Herbert J. Saunders, M.R.C.S.E., Queen's Meds 1867; donor was Miss Saunders's physician (see attached photocopy)

Dates: 1867  
circa 1867

Date Remarks: Based on graduation date of Dr. Herbert Saunders

Material: paper: green  
ink: yellow  
leather: green  
wood: tan  
fabric: purple; green  
metal: brown

Inscriptions: On the top of the case, there was a logo of an eagle grasping three arrows in one talon and a branch in the other, embossed in gold ink; on the bottom of the case, "R2e/7L7" is handwritten in pencil; weight (b) has a weight symbol etched into both sides of the metal; weight (c) has a weight symbol etched on one side; and "2 // [weight symbol]" on the other side; weight (d) has "½ Drachm [cursive]" etched on one side and a weight symbol etched on the other; weight (e) has a weight symbol etched on one side; weight (f) has six round indentations stamped into the metal; weight (g) has five round indentations stamped into the metal; weight (h) has four round indentations stamped into the metal; weight (i) has "6 // GRS" stamped into the metal; weight (j) has "5 // GRS" stamped into the metal; weight (k) has "4 // GRS" stamped into the metal.

Permanent Location: Storage Room 0010  
0010-A8-6

Condition Remarks: Both brass pans had several patches of discolouration, possibly from contact with the cord; weight (d) had a strip of corrosion on one side; weights (f-h) showed signs of orange rust; the leather around the clasp on the box (l) was worn and torn; the gold ink from the embossed logo had deteriorated by approximately 90%; the velvet had faded slightly and was dusty; (2); box cover torn around latch; metal tarnished; spots of inactive corrosion; velvet fading in places; leather stained and discoloured.

## doctor's obstetrical bag

<https://mhc.andornot.com/en/permalink/artifact6590>

Accession Number: 1973.5.2 a-f  
Collection: [University Health Network - Academy of Medicine Collection](#)  
Category: [Patient Care Artifacts](#)  
Classification: [Patient Care](#)  
MeSH Heading: [House Calls](#)  
[Obstetrics](#)  
[Delivery](#)

Description: Black rectangular leather obstetrical bag, lined with light brown leather; one handle and one central lock; compartments in base with a copper tray from a sterilizer; bag contained instruments catalogued under 1973.5; (e) is a bottle with an unidentified yellow substance in it.

Number Of Parts: 6

Part Names: a - bag - Size: Length 45.0 cm x Width 17.5 cm x Depth 25.3 cm  
b  
c  
d - tray  
e - bottle  
f - cap

Provenance: Acquired from the Academy of Medicine; source: Dr. G.A. MacGowan of Toronto.

Dates: 1900  
1930  
1900-1930

Date Remarks: Original record had "early 20c."

Material: leather: black; light brown  
metal: grey  
glass

Permanent Location: Storage Room 0010  
0010-C2-6  
(e): 0010-A3-9 Row E

Condition Remarks: Edges worn; #2: leather is hard and frayed around the edges.

Copy Type: Original

Research Facts: The bag was used by Dr. MacGowan in his practice; there are a few late-nineteenth-century instruments that according to Dr. MacGowan belonged to a Dr. Longmore who practised in Campbellford.
